STUDENT IMMUNIZATIONS

All students admitted to the district's schools must present immunization records as required by law. Except as otherwise provided, immunization is required for measles, mumps, rubella, diphtheria, pertussis, tetanus, and polio.

A student may be waived from the immunization requirement when the student, if an adult, or the student's parent, guardian or legal custodian submits a written statement objecting to the immunization for reasons of health, religion, or personal conviction.

The School Nurse/or designee shall be responsible for notifying the student, parent, guardian or legal custodian of the immunization requirements and shall inform such persons in writing of their right to an immunization waiver. In addition, health services personnel shall be responsible for maintaining complete and up-to-date immunization records for each student attending their schools.
