

# Waupaca Way

## **REPORT CARDS:**

We have been assessing for reports cards this week. It has been so exciting to see how much they have learned since the beginning of the school year! The kids were excited too!! Report cards will be going home on January 24. If you have any questions/concerns when you go over them please feel free to contact me.

## **MATH:**

In math we have been working with our teen numbers and learning how to write number sentences for them. For example:  $10 + 1 = 11$  and  $10 + 2 = 12$  etc. We will be learning how to find partners to numbers, along with working on our adding and subtracting in Unit 3. Please make sure your child is using a strategy to help them find their answers to their adding/subtracting equations. The strategies we use in our room are the number line, draw dots, and/or use our fingers.

## **LANGUAGE ARTS:**

This week we worked with the letter "n" and introduced sight words "with" and "my". You will find a list of our sight words in your child's homework - please note where we are on the list. I also wanted to say "THANK YOU" for such a great job on homework this week!! We will continue to have the rotation of Monday & Tuesday = reading/phonics homework, Wednesday = math, and Thursday = books.

# Ms. Draeger's Newsletter
