

# Kindergarten

## Language Arts:

This week we took a closer look at the letters Ff- Jj. The students are working on using the handwriting lines when writing their letters, sorting by beginning sounds, and matching letter buddies (capital and lower case letters.) I am in the process of making letter flashcards for everyone's homework folder. Whenever you have some extra time over the week/weekend you can use these flashcards to go over our letters and letter sounds with your child. Our goal is to know our letters and their sounds so we can use this knowledge when we are learning to read and write. The kids are very excited to find out that they can already read!! We have been working on reading our color words and our friend's names. I am very excited to see how much they are already learning!!!

## Classroom News:

We earned our first class prize this week by working together as a TEAM!! We will be celebrating with a special treat on Friday :) Over the weekend ask your child about how we work together to earn our puzzle pieces and vote on our prizes. Here is our TEAM puzzle that we have in our room.

# Ms. Draeger's Newsletter

## IMPORTANT DATES:

Sept. 26: Pictures

Oct. 4: Walk-a-thon  
9:15-9:45
